HOW TO ADD ROW

Past it before </tr>

NOTE – **If you add an extra row, you need to add an extra column to enter data for the new row**

and add that extra column to every section

HOW TO ADD COLUMN

Step 1 > code

Step 2

Copy and past last code

```
<td class="table" style="text-align: center;" width="153">3000K/4000K/6500K</td>
<td class="table" style="text-align: center;" width="153">90-10 lm/w</td>
<td class="table" style="text-align: center;" width="153">70*138 mm</td>
</tr>
<tr>
<td class="table" style="text-align: center;" width="153">HYD-FF70</td>
<td class="table" style="text-align: center;" width="153">12W</td>
<td class="table" style="text-align: center;" width="153">220-240V</td>
